Shoot Straight, Cowboy!

The ranchers in the circulation area of the RANCHO REPORTER are fighting the annual August heat when the land is quick to dry and the snake is quick to bite!

Add a saloon next to the old El Toro Country Store and we could shoot a regular, old fashion Westerner. The staff of the RANCHO REPORTER could write the script and I'm

sure some of the ranchers we know could act it out.

But for the rest of you city slickers, you had better take heed and avoid crossing fields without a club since the heat has drawn out the snake into the open and he is looking for food and shade. For safety, all children should be confined within the Ranch corral.

Season Opens With 'Guys and Dolls' Musical

Rancho Players Schedule General Meeting Sept. 11

A general meeting of the Rancho Players will be held in the lecture room of the Mission Viejo High School Mon., September 11, at 8 p.m.

General elections will be held and plans for the future will be discussed.

Players' President Judy Mayer announced that director Tony Brandt, of Irvine, will take the helm for the opening production, "Guys and Dolls." This award-winning Frank Loesser musical

will be staged November 16-25.

Audition for actors, singers, and dancers are to be held in the lecture room of mission Viejo High School September 18 and 19, starting at 7:30 p.m. Singers are requested to bring their own music to the tryouts.

Brandt, who has been successfully associated with community theater for many years as actor, producer and director, has done "Guys and Dolls" in the past. "His working with our group has given us a real

shot in the arm," emphasized President Mayer. "We all are very excited about this production."

The group's second offering, "The Man In The Dog Suit," will be directed by Sim Hubbard of

Viejo Preparing To Incorporate

The Mission Viejo Homeowners Association is presently preparing papers of incorporation, according to Jeff Lodder, president of the homeowners association.

Lodder said a general meeting

H.S. Board Member Appointment Scheduled For Middle September

By CARL E. VENSTROM
Editor and Publisher

Deadline for the appointment of a fifth board member for the Tustin Union High School District has been moved up from August 29 to somewhere in the early part of September.

Permission was given last week, by the Orange County School Board of Trustees, to the Governing Board of the high school district to exceed the 60 day limit for appointment of trustee.

WINDOLPH REPLACEMENT

The September board appointment for the sprawling Tustin Union High School District will be a replacement for Mrs. Mildred Windolph who resigned during the latter part of June. She had served the high school district, as a board member, for the previous nine years.

Local pressure has been exerted in the city of Tustin to appoint a local resident to the spot and pressure has also come during the last two months from the El Toro, Mission Viejo, University Park areas to appoint a resident from the southern part of the high school

district so the new areas would have some voice in the policy and direction of their local high school, the new Mission Viejo High.

NO REPRESENTATION

There presently is no board (Continued on Page 4)

Mission Viejo Opens Hall

Mission Viejo now has its first meeting place: the Towne Hall in La Paz Plaza. Announcement of the opening of the facility was made this week by Mission Viejo Co.

Company officials indicated that the hall is an interim facility intended to serve until the community's planned recreation center is constructed.

Equipped with tables and chairs, the hall can accommodate up to 100 people. It is available to local groups at a nominal cost.

Reservations must be made with the receptionist in the Mission Viejo Co. offices, on the second floor of the Plaza.

Saddleback JC District Names Business Manager

The Board of Trustees of the Saddleback Junior College District have announced the appointment of a business manager for the new junior college district beginning the 18th of September.

The appointment is going to Roy N. Barletta, assistant business manager and director of financial control for the Santa Ana Unified School District and Santa Ana Junior College District. Barletta as served in this capacity since 1956.

Jack S. Roper, recently appointed superintendent of the new JC district, said this week "that he is delighted to have a man of Barletta's caliber joining his staff. He is an experienced school business manager with a thorough knowledge of Orange County and California school procedures."

In an interview this week with

the RANCHO REPORTER, Barletta showed a keen interest in his new position. "The opportunity is a challenging one," said Barletta, "since I will be part of a team in building a modern junior college that has the potentials of being the largest in Orange County." Barletta has a background in both business and public agencies as well as school work. He has studied at Yale, is a business administration graduate of Quinnipiac College in Hamden, Conn., and has completed half of the requirements toward a law degree at Loyola University School of Law.

Things To Watch Out For

Snakes and Fires

Page One of this issue of the RANCHO REPORTER shows a picture of one dead but rather large and mean looking rattler that was killed in the area.

The snakes are out, say the old timers, because of the heat. Parents should not allow their children to cross open fields or play in vacant lots. Adults should only cross an open field with a club in their hand since a frightened rattle snake is a dangerous one. Let's stay out of the heat and away from the snakes!

Another extreme hazard these hot, summer days is fire! The horn for the El Toro Volunteer Fire Department is blowing quite often these days for members to assemble quickly and to fight fires in the brush, on ranch or on the freeway.

This newspaper also interviewed Elmer Benson, associate state forestry ranger in Orange, this week who said "extreme care should be taken by people traveling in the back country since things are extremely dry and are ready to blow up at any time." Benson said that the "No Smoking" on these back roads is being strictly enforced.

So, please take some care what you do with

your lighted cigarette, whether on freeway, the city street or in Trabucco Canyon. The fire possibility is a great one for the next few months.

Taxation

Without Representation

This newspaper sincerely hopes the Governing Board of the Tustin Union High School District will see fit to appoint a resident from the El Toro or Mission Viejo area to replace the vacancy created by the June resignation of Mrs. Mildred Windolph.

The new areas in the high school district want representation in their schools. Committees have met on the matter and a representative, Jeff Lodder of Mission Viejo, recommended to the board last month that they consider appointing Mrs. Ruth Dicks of Mission Viejo or Dick Briner of Mission Viejo or Roger Howell of Trabucco.

It's simply the old American tradition of not liking "taxation without representation."

Let's hope the Governing Board of the high school district will pick one of the above names to replace Mrs. Windolph. The people to the south of Tustin want some voice in their high school!

El Toro Residents Elect Bob Arp New Vice-President

Slides showing the need for beautification, a report on the County master plan for the greater El Toro area and the election of a new vice-president were the highlights of last Thursday's General Meeting of the Aliso Valley Homeowners Association.

More than 100 El Toro residents showed up for the meeting held at the Olivewood School. Chuck Waltman, president of the Homeowners Assn., presided over the general meeting.

Bob Arp was elected the new vice president of the organization by a written ballot from regular members.

Bill Millan, treasurer of the homeowners assn., gave a report on the County Master Plan for the greater El Toro area. President Waltman said that the group is presently concentrating on

beautification of the area and that planning and zoning of industry are the long term goals for the organization.

Bob Arp showed slides of weeds and trash in the area that need cleaning up. A By-Law Revision Committee Report was presented by Dick Urquhart.

U.P. Swim Team Sponsors Wash

A car wash, sponsored by the University Park Swim Team, is scheduled for September 9 from 9 a.m. until 5 p.m. at the First Western Bank located on Culver Road across from the San Joaquin Golf Course.

The cost \$1. For more information call 833-2710.

BLUE CHIPS

By Chester Briner

An Invitation

Almost every passing day sees new families and new businesses moving into our area. We in the El Toro, Irvine, Laguna Hills, Mission Viejo complex are truly blessed with a beautiful setting for our homes and the beginnings of a most desirable community.

My employer, Crowell, Weeden and Company, a member firm of the New York Stock Exchange, has recognized the growth of the area and the need for the many services in the community. Consequently, we have opened beautiful and spacious new offices in Leisure World.

I welcome this action on the part of our firm because it means that now, in addition to living here, I can also work here. The office has the latest electronic tickers, communications and facilities for investors. It is equipped with a large "board room" for visitors who want to watch the market. There is also a conference room for the use of our brokers and clients.

Those beautiful accommodations are situated in the large administrative building of the Rossmore Corporation at the end of the building facing the residential section of Leisure World.

For about two months, I shall be in the new offices only on Mondays. After that time, I shall be there on a regular basis.

I hope that my friends will accept this invitation to drop in and see our new facilities. It will be a pleasure to show you through them. An "open house" will also be held later this month and will be announced in this column as well as elsewhere in this paper.

Congratulations to the Rancho Reporter and the residents of Leisure World! The Reporter is now being distributed in Leisure World. I'm sure that it will be as welcome there as it is elsewhere throughout our community.

'Gala' Two-Day Western Rodeo Planned At Leisure World This Saturday, Sunday

From bareback Bronc riding, calf roping to steer wrestling and team roping, a two-day rodeo will lend a Western flavor to Rossmore Leisure World, September 9 and 10.

Sponsored by the Education and Recreation Department, the Far Western Rodeos, Inc. of South Laguna and Tucson, Arizona will bring more than 100 head of livestock, a drill team of 40 horses and several major attractions to the event.

Leading the lengthy list of rodeo stars will be Troy Nabor, radio, television and screen actor. His "companions" include "Slim, the trained mule", a Golden Palomino for trick roping and riding exhibitions as well as "Speck," his trained dog. The eye-pleasing women's "Rock and Tye Drill Team" from El Cajon and rodeo clown Buck Crofts of Kanab, Utah will also participate.

Other events planned are Saddle Bronc riding, Girls' Barrel Racing, Girls' Goat Tying and Brahma Bull riding, according to Bud Richards, Stablenmaster at Leisure World's El Cortese stables.

The program consisting of eight

major competition events will enable contestants to compete for attractive and national championship points. Money including entry fees is expected to swell to \$6,000 this year. Some 3000 spectators are expected each day at one of the major rodeos of Southern California.

Action will get underway both days at 2:30 through 4:30 p.m. at

El Toro Road and Moulton Parkway. Tickets are now available at \$2.00 for adults and \$1.00 for children under seven years of age. Mail orders are being accepted by Bud Richards at the El Rancho Cortese Stables, Laguna Hills. Tickets are also available from members of the Saddle Club as well as at the Alpha Beta market, Laguna Hills.

YIPPPPEEEEEEEEEEEEEE - - - "Slim, the trained mule" seems to get a hefty kick out of his famed master's confirmation of starring in a Rodeo slated for September 9 and 10, 2:30 to 4:30 p.m. at Rossmore Leisure World, Laguna Hills.

Dear Editor...

Mr. Venstrom:

At a church meeting last night I was commended for a "lovely" barbecue story which appeared in the RANCHO REPORTER. Thanks a lot for giving it such prominence.

Regards to both of you.

Elizabeth Pedrotti

Dear Editor:

"Love-ins," LSD trips, and mini-skirts obtain publicity in the various newspapers, on the front page, but in small print on page nine, inadequate publicity is given the heroic teen-age acts, honor students who are awarded scholarships to the top-rated colleges, and the teen-agers who attend Christian Youth Activities in mass.

Don Lonie, recording artist,

whose record "Talking With Teen-agers" is No. 1 in the nation in spiritual records, is at Forest Home Conference Grounds "talking" each evening to a captive audience of 500 teen-agers who are seeking moral, physical and spiritual guidance. I challenge other residents of this area to investigate and unite with me in disproving that the majority of adverse publicity about teen-agers is over-emphasized and under-emphasized as the truth-seeking, enthusiastic young adults.

Sincerely,
Mrs. Nancy Briner

Dear Mr. Venstrom:

Thank you very much for the article on the new 830 telephone exchange.

Sincerely,
Mrs. R. Runge

TRAVEL TIPS

by: Pierre-Frederic Touchon
SHIP NEWS

Something new and historical
H.M.S. QUEEN MARY - will take her last voyage leaving on a cruise from Southampton on October 31, 1967. Sailing at a leisurely pace around South America, the QUEEN MARY will reach Long Beach, California December 9, 1967. For the many who have traveled on this wonderful ship, it will be a nice opportunity to sail on this farewell cruise. I understand the City of Long Beach is planning a welcome reception upon her arrival at her new moorings.

NORWEGIAN-SUNWARDLINES-

The news just came out that this line is building a brand-new motorship - 6 decks high, 12,000 tons with 294 staterooms - carrying 600 passengers in single class comfort. Each stateroom will have private bath facilities. The ship does not have a name yet but certainly will be called the finest cruise ship afloat. It will operate out of Miami on 7-day cruises of the Caribbean and is scheduled to enter service for the season 1968-69. By the way, this writer will be leaving for Europe next week for an extended visit of France, Switzerland, Spain, the Balearic Islands and Canary Islands. I will be mailing my friends at the RANCHO REPORTER weekly notes about my discoveries.

'Stars' Hits Leisure Scene

CAPT. JOHN N. GOSSOM

Capt. Gossom Named Trustee

Navy Capt. John N. Gossom has been appointed to the Board of Trustees for the San Joaquin school district.

A Navy dentist serving at El Toro, Capt. Gossom joins four other Orange County residents on the board effective August 17, replacing former board member Navy Capt. Dave Smith who was ordered to another duty station last month.

Capt. Gossom was selected for the post after screening of five applicants by the remaining four members of the board.

Assuming the position in mid-term, Capt. Gossom joins Gratian Bidart, E. T. McFadden, Jr., William M. Jeffrey, Jr., and W. G. Staples, as the newest members of the board.

The San Joaquin school district board of Trustees meets monthly to govern policy and administration for five schools within the district.

Newman Succeeds McLaren on Irvine Industrial Board

John V. Newman, prominent Ventura County citrus grower, who was recently named to The Irvine Company board of directors, was elected to succeed N. Loyall McLaren, recently retired.

McLaren announced his retirement as a member of the board of directors of the Irvine Industrial Complex, effective July 31. A wholly owned subsidiary of The Irvine Company, the complex covers 2,500 acres of land adjacent to the Orange County Airport, in one of the fastest growing industrial areas in California.

McLaren will remain as chairman of the board of The Irvine Company.

Commenting on McLaren's retirement, William R. Mason, chairman of the board of the Irvine Industrial Complex and president of The Irvine Company, said, "Mr. McLaren's announcement was reluctantly received."

El Toro, Mission Viejo Want High School Board Representation

(Continued from Page 1)

representation for the new areas south of Tustin although they are part of the Tustin Union High School District and pay taxes for the support of the total high school district.

One of Mrs. Windolph's requests, in her written resignation, which was presented at an open Board meeting, was:

"Since the district's inception,

the outlying portion of this district has been represented on this Board. It is my hope that you will be mindful of this in the naming of my successor, as well as choosing an individual whose basic concern is personal integrity and excellence in public education, devoid of political persuasion."

MEETINGS HELD

Interested residents in the Mission Viejo, El Toro areas held

several meetings immediately following Mrs. Windolph's resignation, where they expressed strong feelings on having board representation for the high school district which presently includes three high schools: Tustin High and Foothill High in the city of Tustin; and the new Mission Viejo High School in Mission Viejo.

Mission Viejo and El Toro residents met during the early part of July in the El Toro Women's Club, on El Toro Road, where they decided to make recommendations to the Tustin Governing Board of their wishes. Most of the persons attending the meeting were members of the Aliso Valley Homeowner's Association and the Mission Viejo Homeowners Assn.,

which was being formed at the time.

THINKING PRESENTED

The group decided to have Jeff Lodder, then the acting president of the Mission Viejo Homeowners Assn., to present their desires to the Tustin Union High School Board.

Lodder, at a later board meeting, presented the thinking of the El Toro, Mission Viejo residents on having representation on the board and made the following recommendations: either Mrs. Ruth Dicks or Chet Briner or Rodger Howell. The board said, at this time, that they would give these names consideration along with other applicants.

Other applicants for the board vacancy include Richard T. Brown, Gerald Huntley, and Dr. Sylvan Katz. During the next few weeks the Tustin board will be interviewing these applicants for the position.

LARGEST DISTRICT

The sprawling Tustin Union High School District is, geographically, one of the largest high school districts in the state of California.

SEVEN MEN WANTED

Other residents in the high school area believe that area representation would best be achieved by having board representatives elected from the different areas, and that the board should be increased to a seven man board.

Two leaders of this seven man board movement are C.A. "Neil" Papp, a resident of Tustin, and Chuck Waltman, an El Toro resident who is also President of the Aliso Valley Homeowners Assn. Both men are presently hoping that the Governing Board of the high school district will see fit to appoint a representative from the area South of Tustin proper.

enjoy it often!

'Old Timer' Retires In Leisure World

VITAL VIGIL — As historic as the former Moulton Ranch on which the largest Sycamore tree in the world originally was planted, today it has become one of Rossmore Leisure World's landmarks at Laguna Hills. Spanning 160 feet, the tree stands 140 feet high and has a trunk diameter of 10 feet. Now guarding some 22 acres proposed for a park site, the Sycamore tree is believed to be the oldest living thing in Southern California. It's location separates Mutual 14 comprised of 278 manor homes and Mutual 15 with 356 manors in the community that now is nearing the 10,000 population mark.

Saddleback Bank In Tustin Merges With First National In San Diego

The Saddleback Bank of Tustin officially merged with the First National Bank of San Diego August 17 and at that time became the Saddleback National Bank and a branch office of the Southern California First National Bank.

C. C. Blakemore, president of

the Southern California First National Bank, discussed the history and background of the San Diego bank, noting it was founded in 1883 with \$37,500 in capital, six customers, and the sure knowledge that the bank's first president Jacob Gruendike, had better hang on to his general store to support his family because "the bank was going to take awhile."

Today it reportedly has \$424 million in resources, 176,000 checking accounts, \$230 million in loans and discounts, with over 2500 shareholders holding steady growth shares in a bank which had reached 1008 employees and 33

branches before the new Saddleback Branch was added.

Indicative of the importance the bank attaches to the acquisition of Saddleback Bank, Blakemore announced that the board of directors held its first meeting as

the Southern California First National Bank Board at the Saddleback Branch Wed., August 23. There was an extensive tour of Orange County preceding the meeting and a dinner following the board meeting at Saddleback Inn.

MERGER ANNOUNCED — Robert A. Schoeffler, (r) president of Saddleback Bank, welcomes Claude C. Blakemore, president of the board of the First National Bank of San Diego to Orange County.

Shopping

With Jan

By Janis Venstrom

Things are picking up out in our rapidly growing area what with a new business opening its doors every week.

A couple to add to your list of "Support your local business" is the new El Toro Liquor Store between the freeway and the El Toro Post Office on El Toro Road. It has the new look in country stores, with air-conditioning, very friendly service, and a complete line of food and beverages.

If you want a cold coke on these hot days I will verify that their refrigeration unit produces nothing but cold, cold, beverages. You can also get nice ice for only 25 cents a bag. Stop in for a look at your new air-conditioned food and beverage center. Try the cold cut meats in this hot weather. I did, and found them to be very good.

Shoes for the whole family can now be purchased right here in your own town now that Kirby's is open. They are located in the new Torro Shopping Center near the freeway on El Toro Road.

Sales are now going on in the store because of their grand opening, so do take advantage of these opening specials.

The children might even get two new pairs of school shoes for the price of one.

In this hot weather I have tried to do all of my shopping under one roof and South Coast Plaza fits all the requirements to a tea.

You can do all of your shopping and have breakfast, lunch, dinner all before stepping out into the heat wave.

Some of the lovely shops I visited would include:

Rooten's Luggage has the most complete line of leather goods to be found anywhere. To mention but a few: wide range of hand bags of every size and description; men's attache cases; beautiful desk sets; and a sale of Starflite luggage is now in effect for the back to school student. Rooten's offers free of charge, your initials engraved on any leather goods item you purchase, while you wait.

Stop in and have your personal initials put on some leather item you have always wanted.

The Restaurants you find in South Coast Plaza are all different in design and unique in food preparations. You must try them all to be the judge of your favorite.

I might recommend: Chef V Restaurant; Riviera Restaurant; the new Kaplan's Restaurant featuring kosher foods, and also a catering service. Give them a call for questions concerning catering parties. 540-9022.

More on South Coast Plaza next week.

SPECIAL EDITORIAL

Slow Drivers Cause Auto Accidents

Slow drivers are a traffic hazard throughout the State of California stated the California State Legislature recently when they requested more action by the California Highway Patrol regarding the traffic problems created by slow moving vehicles in the faster lanes of traffic.

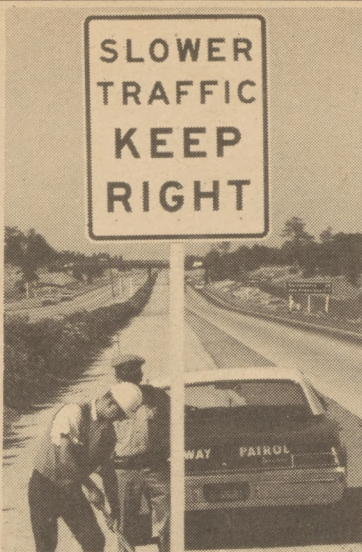

This problem is especially true of the span of freeway that runs from Tustin through Leisure World, El Toro, Mission Viejo and Capistrano.

This newspaper had an interesting interview this week with Jerry Maxwell, highway patrol officer who works out of the Anaheim office, who said that 31 per cent of highway freeway collisions are rear end collisions caused by the slow driver, the driver going too fast, or the driver following too close to the car in front of him.

The slow driver, said Maxwell, causes trouble during crowded times on the freeway. The slow driver blocks traffic and the impatient driver tries to seek a solution by going around -- often to the right -- and then the accidents occur.

Officer Maxwell said that a little self-analysis would help most drivers in becoming better drivers. How many times do horns honk at you? How many times do people look at you with disgust? How do you honestly think you could improve your driving?

Let's all try a little harder. Modern freeway driving is not easy but it is a problem we all must face up to.

EFFORTS to move slower drivers out of the fast lanes of traffic are being renewed by the California Highway Patrol said Captain James E. Peters, commanding officer of CHP operations in Orange County, this week. The California Legislature has requested more action regarding the hazards created by slow moving vehicles in the faster lanes of traffic.

EL TORO LIQUOR and GROCERY

HI NEIGHBOR!

I would like to take this opportunity to invite you to your new "home town" food and beverage center.

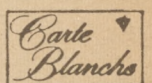

We have the finest most complete delicatessen and groceries in Southern California, plus an entire selection of beer, wine, and liquor.

You will notice our large ice house in the parking lot, and it is generously supplied with block ice and cubes.

We are open seven days a week from 8 a.m. to 11 p.m. and will be looking forward to meeting you.

Thank you,

Max Ross
